

2nd Summit When Medicine Meets Industry

9.9.2024 • Valley, Kfar Saba

Sponsorship & Exhibition Opportunities

Join us at the 2nd Summit of the Israeli Society for HealthTech!

Join professionals at the forefront of healthcare and technology in discussing how to strengthen communication and collaboration in the entire healthcare ecosystem - from the adoption of digital health in clinical practice to physician involvement in the healthtech industry.

We invite you to take advantage of unique networking opportunities as industry and healthcare professionals gather to address unique challenges and common goals.

Events that have recently shaken our world have exposed the need for rapid responses to previously unknown challenges in physical and mental health. Israel has reaffirmed its global role in healthcare innovation, and AI and other revolutionary developments have come into play at one and the same time, offering a seismic shift in how medicine is practiced.

At this summit we'll be strengthening bridges in healthcare and healthtech to ensure that these innovations will benefit patients and the practice of medicine in Israel - and worldwide.
