

## 2<sup>nd</sup> Summit when edi **Stry** 9.9.2024 Valley, Kfar Saba AGENDA

Institute)

08:00-09:00	Registration & Coffee, Light Refreshments
	SESSION I: Waking up to AI and Innovation in Everyday Practice
09:00-09:10	Opening Remarks Medicine Meets Industry: Together for Patient Wellbeing Hedva Voliovitch MD, PhD, MBA Chair, Israeli Society for HealthTech
09:10-09:40	OPENING KEYNOTE Swifties, Startups and the Singularity Stephen K. Klasko MD, MBA XIR, North American Ambassador General Catalyst, Sheba Medical Center
	Pharma - Al Included
09:40-09:50	Innovative AI Solutions for Pharma's R&D Challenges Eran Harary MD SVP, Clinical Development, R&D, Teva Pharmaceuticals
09:50-10:10	Med Tech Dialogue I Pharma: Thinking Inside and Outside of the Pillbox Amir Amedi PhD Founding Director, Baruch Ivcher Institute for Brain, Cognition & Technology (BCT Institute The Amedi Clinical Neuro Immunology Lab, Reichman University Chief Scientist and Co-founder, Remepy Dr. Michal Tsur Co-founder and Co-CEO, Remepy
10:10-10:20	Al in R&D Tamara Mansfeld VP Data and Al Strategy, <i>Pfizer Oncology</i>
	Genetic Therapies: Pioneering Medical Breakthroughs in Clinical
	Practice
10:30-10:55	Panel DiscussionRealizing the Promise of CRISPR-Based Drugs: The ChallengesNeomi Siegal MDHead of Medical Technologies Division, Maccabi Health ServicesThe Journey of Gene Therapy for Duchenne Muscular Dystrophy - Cutting Edge Biomedical Technologies Reached Everyday PracticeTake Der MD
	Talya Dor MD Director, Pediatric Neuromuscular Clinic, Hadassah Medical Center

Market Access Challenges in Gene Therapy

Ariel Hammerman PhD

Health Technology Assessment (HTA) Director, Medison Pharma

## Education - The Future

Exploring the Future of Medical Education 10:55-11:10

	<b>Prof. Dina Ben Yehuda MD</b> Director, Hematology Department, <i>Hadassah Medical Center</i> Former Dean of the Faculty of Medicine, <i>Hebrew University</i>
11:10-11:40	Networking Coffee Break
	Robotics in Development and in Practice
11:40-12:00	Med Tech Dialogue II Al in the Operating Room: Hype Vs. the Real World Amir Szold MD, FACS Clinical Professor of Surgery, MSR, Sheba Medical Center and School of Medicine, Tel Aviv University Medical Director, Assia Medical Group Moti Freiman Assistant Professor, Faculty of Biomedical Engineering, Technion, Israel Institute of Technology Principal Computer Vision Engineer, Asensus Surgical, A Karl Storz company
12:00-12:25	Innovative Transformation within a Healthcare Organization Case Studies from Clalit Health Services Introduction Hedva Voliovitch MD, PhD, MBA Oncology Transformative RApid diagnosis of Cancer Clinic: Putting the Patients on the Right TRAC(K) Idit Peretz MD Head of the Rapid Diagnosis Program and Davidoff in Yoseftal - Eilat, Rabin Medical Center Emergency Care Pulse of the ER: Smart Data Transforming Emergency Care Flow Uri Goren Head of Innovation, Meir Medical Center Psychiatry Resilience Trainers: Pioneering a New Profession in Mental Health Rinat R. Yedidya MD MHA Deputy Director of the Open Psychiatric Ward, Shalvata Mental Health Center Pediatrics Schneider's PedTech Ecosystem
	Shirley Saar MD Head of Innovation, Schneider Children's Medical Center
12:35-12:50	Ultrasound with a Difference Caring Amidst Chaos: Prenatal Care in Wartime Mira Altmark-Sofer VP Marketing, Pulsenmore - Home Ultrasound From Concept to Clinic: The Vital Role of Clinicians in Bringing Ideas to Market Danny Spiegelstein MD VP Medical, UltraSight
12:50-13:00	Unveiling East Jerusalem's Health-Tech Revolution Mahmoud Khweis CEO, Jinnovate
13:00-14:30	Networking Lunch Exhibition
13:30-14:15	Lunchtime Round Tables More information
	SESSION II: Discovering the Power of HealthTech in Wartime
	SESSION II: Discovering the Power of HealthTech in Wartime RehabTech - Time to Make a Change
14:30-14:40	RehabTech - Time to Make a Change     Advanced Computer Assisted Technologies in Treating Complex War-Injuries     Prof. Meir Liebergall     Director of the Musculoskeletal Division, Hadassah Medical Center
14:30-14:40 14:40-14:50	RehabTech - Time to Make a Change Advanced Computer Assisted Technologies in Treating Complex War-Injuries Prof. Meir Liebergall
	RehabTech - Time to Make a Change     Advanced Computer Assisted Technologies in Treating Complex War-Injuries     Prof. Meir Liebergall     Director of the Musculoskeletal Division, Hadassah Medical Center     Helmsley Rehabilitation Center – Opportunities and Challenges     Dr. Noam Yehudai
14:40-14:50	RehabTech - Time to Make a Change     Advanced Computer Assisted Technologies in Treating Complex War-Injuries     Prof. Meir Liebergall     Director of the Musculoskeletal Division, Hadassah Medical Center     Helmsley Rehabilitation Center – Opportunities and Challenges     Dr. Noam Yehudai     CEO, Tzafon Medical Center (Poriya)     Virtual Reality and Gamification in Gait Rehabilitation     Hilik Harari
14:40-14:50 14:50-15:00	RehabTech - Time to Make a Change     Advanced Computer Assisted Technologies in Treating Complex War-Injuries     Prof. Meir Liebergall     Director of the Musculoskeletal Division, Hadassah Medical Center     Helmsley Rehabilitation Center – Opportunities and Challenges     Dr. Noam Yehudai     CEO, Tzafon Medical Center (Poriya)     Virtual Reality and Gamification in Gait Rehabilitation     Hilik Harari     Co-founder & CEO, GaitBetter     3D Printing of Bones and More     Ortal Segal MD
14:40-14:50 14:50-15:00	RehabTech - Time to Make a Change     Advanced Computer Assisted Technologies in Treating Complex War-Injuries     Prof. Meir Liebergall     Director of the Musculoskeletal Division, Hadassah Medical Center     Helmsley Rehabilitation Center – Opportunities and Challenges     Dr. Noam Yehudai     CEO, Tzafon Medical Center (Poriya)     Virtual Reality and Gamification in Gait Rehabilitation     Hilik Harari     Co-founder & CEO, GaitBetter     3D Printing of Bones and More     Ortal Segal MD     Orthopedic Surgeon, Tel Aviv Sourasky MC
14:40-14:50 14:50-15:00 15:00-15:10	RehabTech - Time to Make a Change     Advanced Computer Assisted Technologies in Treating Complex War-Injuries     Prof. Meir Liebergall     Director of the Musculoskeletal Division, Hadassah Medical Center     Helmsley Rehabilitation Center - Opportunities and Challenges     Dr. Noam Yehudai     CEO, Tzafon Medical Center (Poriya)     Virtual Reality and Gamification in Gait Rehabilitation     Hilik Harari     Co-founder & CEO, GaitBetter     3D Printing of Bones and More     Ortal Segal MD     Orthopedic Surgeon, Tel Aviv Sourasky MC     Startups & The War     Improving Combat Casualty Care During Wartime     Col. Dr Avi Shina MD MHA MPA     Commander, IDF Medical Corps Medical Services Center     Panel Discussion     Startups Respond to the Needs of War     Moderator:     Yaron Daniely     General Partner, aMoon Fund     Miki Levy     Co-Founder & CTO, GM, Xhealth IL     Nimrod Zilcha     Co-Founder & CEO, Cognishine     Noga Shiloach     Chief Product Officer, Startup Nation Central
14:40-14:50 14:50-15:00 15:00-15:10 15:30-15:30 15:30-15:50	RehabTech - Time to Make a Change     Advanced Computer Assisted Technologies in Treating Complex War-Injuries     Prof. Meir Liebergall     Director of the Musculoskeletal Division, Hadassah Medical Center     Helmsley Rehabilitation Center - Opportunities and Challenges     Dr. Noam Yehudai     CEO, Tzafon Medical Center (Poriya)     Virtual Reality and Gamification in Gait Rehabilitation     Hilik Harari     Co-founder & CEO, GaitBetter     3D Printing of Bones and More     Ortal Segal MD     Orthopedic Surgeon, Tel Aviv Sourasky MC     Startups & The War     Improving Combat Casualty Care During Wartime     Col.
